

# Attached Lid Container

A versatile attached lid container with a unique nesting lid design providing significant efficiency gains.

- **Up to 10% greater vehicle fill;** when returned as empties
- **Reduced likelihood of damages;** no overhang of lids due to unique lid design
- **Economical solution;** if lids do become damaged, they are easily replaced

Designed for use across a wide range of industries, the Loadhog Attached Lid Container range is a collection of robust, reusable, stackable and nestable totes, perfect for:

- Easy Picking
- Secure Storage
- Economical Transportation
- Effective Replenishment

Standard size - 600 X 400mm (Various depths available)

Stackable when full, nestable when empty

Compatible with existing attached lid containers

Customisable; option to select colour and add logo

Multiple recess locations for barcodes & labels

Eliminates one trip packaging

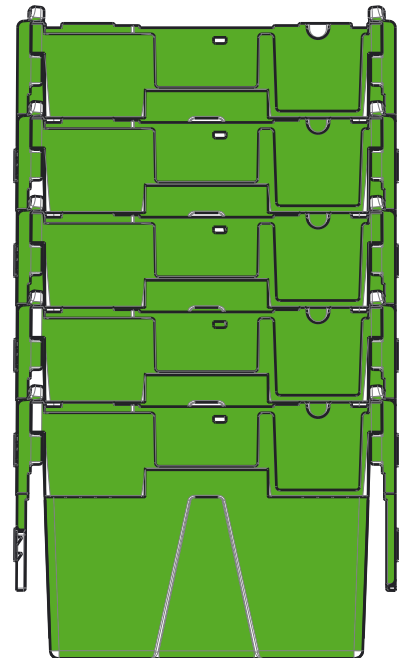

Compatible with automated systems

**Loadhog**  
**Attached Lid Container**

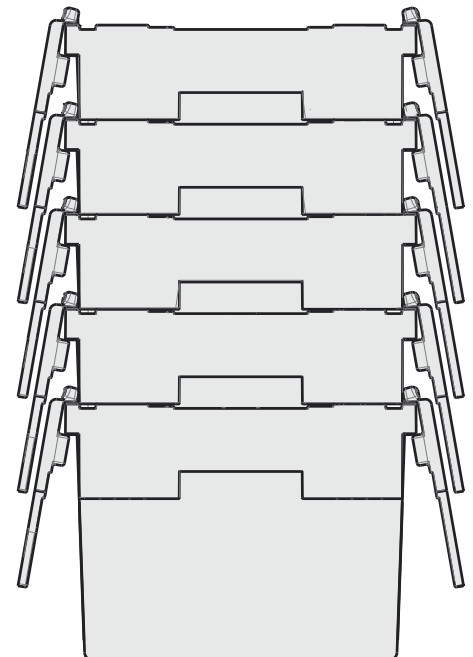

## Innovative, nesting lid feature

In addition to looking neater, the nestability of the lids secures them in a vertical line when stacked as empties

Loadhog nesting lid

Inefficient, competitor lid

# Loadhog Attached Lid Container

Effective as a standalone product, it is even more impressive as part of a system, comprising the Loadhog Pally & Lid or standard pallet and Loadhog Lid to create an end-to-end transit solution.

## Lid Replacement

- Intelligent hinge design allows quick and easy replacement of damaged lids
- No need to replace entire box or return to manufacturer for servicing
- Less downtime and a more efficient supply chain
- Extends the lifespan of an individual box

## Swap-Out Scheme

We are providing customers with the opportunity to swap ANY old, damaged or unwanted plastic containers in part exchange for the new Loadhog Attached Lid Container Range.

Our on-site recycling facility ensures that the customer can receive maximum value for their unwanted containers, whilst allowing them to upgrade to a more efficient and durable re-usable packaging option.

## Loadhog Ltd

Loadhog is a multi-award winning manufacturing company based in Sheffield, UK. An employee owned organisation where genuine innovation and new product development lies at the heart of our business.

Our aim is to solve every day problems within logistics and supply chain operations – reducing transport requirements, eliminating packaging waste and making life easier for those using our products.
